In the event that you fail to complete these documents or they are not received by us for any reason, you are deemed to accept these documents as appendices to this Agreement and any other documentation that we have provided to you in relation to the Services and for the Equipment when the Equipment is used to enjoy the Services, for example, when the Internet is first accessed.

- 3.2.** We will provide the Services to you from the date we activate them and will continue to do so unless this Agreement is terminated properly.
- 3.3.** By way of use of the Services, you acknowledge that our Services are recognised as that of a "mere conduit" as we do not have any impact upon information carried by our Services over the Internet. You acknowledge that we cannot be held responsible for unforeseen interruptions, non-availability from outages or deterioration of the Services that occur which are entirely out of our control.
- 3.5.** The Service is provided with certain performance expectations. For example, the End-to-end service availability rate target is 99.5% measured over a rolling 12 months period for each spot beam (also known as the "Annual Availability rate"). The Annual Availability rate excludes interruptions of or degradations in service provision resulting directly or indirectly from atmospheric or extra atmospheric disturbances (solar storms or solar flares, meteorites, temporary adverse weather conditions etc.), operations of preventive maintenance carried out after we have informed you of the interruption, downtimes caused by system hardware and software upgrades when coordinated with you and/or earth station outages (of a few minutes per day over a period of up to five days maximum, generally in March and October). We will endeavour to provide you with five (5) days notice of any such planned service interruptions where practical.
- 3.6.** If a fault occurs you should notify us at the earliest opportunity. If you are unable to access the Services, you remain liable to pay all Charges that would otherwise apply.
- 3.7.** We have the right to change or suspend the Services where we reasonably determine that any technical modification to the Network or change in our trading, operating or business practices or

policy is necessary to maintain or improve the Services which we provide to you, including, but not limited to:

- e). in our reasonable opinion it is otherwise necessary or desirable to do so.

It is your responsibility to ensure your equipment is maintained and in working order in accordance with these minimum specifications. We shall not be held liable for any pre-existing defect on, or incompatibility with, your computer hardware or software. We may from time to time alter the minimum specification required to access the Services. Any such notices will be published on our website.

3.10. In order to get the best performance from your Equipment and Services we recommend the following minimum specification requirements:-

Windows 2000 or higher (including Windows XP, VISTA and Windows 7)

or

Mac OS 10.X or higher.

Network capability (10/100 Ethernet pre-equipped).

3.11. If you change address at which you require the Services, we will endeavour, but will be under no obligation, to provide you with the Services at your new address. You will still be liable to pay the applicable Charges in relation to the Minimum Period. You must give us at least 30 days' notice if you want us to relocate your Service to your new address. Where we agree to provide the Services to your new address, you shall pay us the applicable charges for the de-installation and re-installation of your Equipment that we will quote for you on receipt of your written transfer request.

3.12. We will use reasonable endeavours to maintain the stated levels of service availability. However, there may be factors we cannot reasonably control such as the temporary adverse weather conditions or a failure on the part of a third party operator, for example the Satellite Operator. In these circumstances, we or anyone connected to us acting as our agents shall have no liability. We do not take responsibility for access to third party websites and/or servers.

4. USE OF THE SERVICES

- 4.1. You accept that we may change or withdraw any element of the Services from time to time and will use all reasonable efforts to notify you of any necessary change in the Services.
- 4.2. We will try as far as is reasonably possible to keep the Service free from viruses, bugs and errors, but we do not guarantee that it will be free from infection or anything else that may damage your equipment or data. We will not keep any back-up copies of emails or other data belonging to you. We accept no liability for damage caused to your own equipment if you download software or other services using the Services.
- 4.3. As a user of the Services, you accept that we do not control, endorse or censor the material made available by the Satellite Broadband Service and the World Wide Web. You accept that third party material could be illegal, misleading, offensive or deceptive. You use it at your own risk and subject to all applicable national and international laws and regulations.
- 4.4. We do not guarantee that the information and services you may obtain from the Satellite Broadband Service will be suitable for your purposes and requirements. You accept that the information and services you may obtain via the Satellite Broadband Service may not be complete, accurate, up-to-date or free from errors.
- 4.5. We do not permit you or others to cause nuisance or inconvenience to us or to other users in any way. This includes hacking, Network sniffing or similar techniques, or sending unsolicited messages without reasonable cause, by spamming or using anonymous remailers or different servers, or other means. If you, your employees or other users of your Equipment send any such messages through the Satellite Broadband Service, you may be liable to criminal or civil action in either the UK or other appropriate jurisdictions, and we may suspend and disconnect your use of some or all of the Services and such action on our part may give rise to Charges being payable by you.
- 4.6. If you deal with any third party or exchange material with that third party while using the Satellite Broadband Service, you accept that you are entirely responsible for such transactions.
- 4.7. You agree that if we stop providing the 900SAT Service to you, you will cease to use the Services and you will immediately return to us all the items supplied to you that remain our property and, at our option, delete or destroy all software that we provided to enable you to access the Satellite Broadband Service. These include but are not limited to applications for non-professional use, notably peer to peer applications and any other protocol liable to have a deleterious impact on the overall quality of service of the Services.
- 4.9. Due to the inherent latency involved with satellite communications, certain applications and uses are not recommended over the 900SAT Satellite Broadband Service. Whilst we will make certain efforts to make you aware of this, you accept that it is your responsibility to check with us the suitability of the Satellite Broadband Service for your requirements. If you proceed to purchase the Equipment and Services for use with any application or service that we have not recommended, the failure of the Services to support such an application will not constitute a right to cancel, and as such you will not be entitled to any refunds and the Minimum Period will remain valid. We reserve the right to charge you for technical support if we reasonably consider that the Satellite Broadband Service is working normally, and faults and issues you're bringing to our attention are related to your own PC, Mac or networking equipment or cables connecting them.

 - i). You or your employees/users do not, nor permit any third party to, to maintain or repair or attempt to maintain or repair the software providing the Services or the Equipment, without our prior written consent. Any such action will void any warranties relating to the software or Equipment that has been affected;
 - j). You or your employees/users do not use the Satellite Broadband Service to send or receive by any method any material that breaches another person's copyright or other intellectual property rights, or any other material that is illegal, obscene, indecent, fraudulent, libellous, harassing or that you do not have the right to transmit under any law, contract or other duty;
 - k). Should the Equipment become lost, stolen or damaged for whatever reason during the period of this Agreement and before you return it to us if you have rented the Equipment from us, you agree to notify us of such circumstances immediately. In the event of such loss or damage, you agree to pay the full replacement value of the Equipment.
 - e). You shall not be responsible for any loss or damage to the Equipment to the extent that it is caused by us or our employees or is due to a manufacturing or design fault; or is due to fair wear and tear. You also agree that we are fully entitled to secure this payment through any payment mechanism that you have historically provided to us, even in the event that you have subsequently cancelled or countermanded any such payment method.
 - m). When the Equipment is returned to us, it must be in good condition and in full working order. Otherwise, you shall be liable to us for the lesser of the compensation payment set out above, or in circumstances where (in our sole opinion) economic repair is reasonably feasible, the cost of repair and our reasonable expenses in administering such a repair.
 - n). We may, at our option, nominate an agent or third party in place of ourselves to whom such Equipment should be returned, or compensation payment be made. If you rent the Equipment, we require, at minimum, the return of indoor unit (modem) and may require

6. INSTALLATION

- 6.1.** We will set out in our website or order forms, the acceptable methods of installation through which you will be able to install the Equipment in order to receive the Services. Our recommended option will always be the Professional Installation of the Equipment by our Installers but may also include, but not be limited to selecting your own qualified installer or carrying out the installation yourself.
- 6.2.** Our published Charges for installation are based upon a UK mainland installation and are subject to site survey. We will give you a site-specific installation quotation in the event that additional travelling times and expenses are likely to be incurred or a non-standard installation is required. If this quotation is not acceptable to you and both Parties are unable to reach Agreement, either Party may cancel the Order within seven days from the preparation and circulation of this quotation.
- 6.3.** If you chose our Professional Installation Service, we will endeavour to give you a mutually convenient time for our Installer to visit. It is important to us that we can route our Installers efficiently so your location may have an impact on the installations dates or times that we provide to you.
- 6.4.** If we have agreed with you in writing that a site survey may be required, you will be responsible for settling payment for the survey directly with us on demand, the cost of which shall be additional to any other Charges to be paid to us for the Services.
- 6.5.** Our Installer is responsible for taking suitable care when installing the Equipment. If you become aware of any potential problems with your installation, you should notify our Installer during the installation if reasonably practical.

-
- available on request and included on our website. We can provide a written quotation for more extensive network requirements upon request.
- e). If you request us to do so, our Installer can configure your existing wireless LAN or Ethernet routing equipment. Our Charges for such services can be provided on request and are included on our website. Under no circumstances will we accept any responsibility or liability for your existing equipment installation, configuration or maintenance.
 - f). If you choose your own installer or wish to complete a self-install, you are fully responsible for the completion of your installation. We are not obliged to provide additional assistance to you or a 3rd party installer. If required to do so, we reserve the right to charge our standard hourly rate at £35 per hour (calculated for every complete or partial thirty minute time period) for the time period that you require us to provide such installation support services to you or your Installer.
 - g). In the event that you choose the self-installation option or you choose to use your own installer, you agree that you will make reasonable endeavours to complete the installation within 14 days from receipt of the Equipment. You agree that we are entitled to start to Charge for the Services from this point unless we have agreed in writing to an alternative commencement date, any such date to be agreed by us at our sole discretion.
 - h). Our liability with you for any damages or losses whatsoever suffered by you as a result of delayed, cancelled or incomplete installation will not exceed the value of the Installation fee that you have agreed to pay. You accept that you will have no additional rights to terminate this Agreement early on the basis of late or incomplete delivery provided that we have provided you with alternative dates to complete the installation.
 - i). As long as we have notified you in advance of the agreed installation date, if you are not at the agreed place of installation on the agreed date and time when we either seek to deliver the equipment or carry out the installation, we reserve the right to charge you an additional Installation fee for the redelivery or installation of the Equipment or any return visit required including that arising due to insufficient time available on your initial installation date to complete the installation due to your absence or late arrival on site. Any such Charges will be notified by us to you in writing and will be, in our sole opinion, such additional sums as we consider being reasonable in the circumstances.
 - j). In certain circumstances, our installer will, where necessary, recommend that electrical grounding be undertaken. When this electrical safety requirement is identified, it should be carried out in accordance with applicable laws and regulations. Failure to install effective grounding will, in some locations, constitute a breach of local building regulations. It will remain your responsibility to ensure such work is completed in accordance with all applicable laws and regulations. Certified electricians should complete grounding work. Our Installer will provide a cabling lead for grounding but may not be a certified electrician and therefore will be unable to complete the grounding work. Where the installer cannot complete the grounding work it is your responsibility to ensure that a certified electrician completes such work.

7. PAYMENT FOR THE EQUIPMENT AND SERVICES

- 7.1.** The timely payment for Equipment, the Services and any other such Charges arising properly as a result of this Agreement shall be considered to be of the essence. If you do not pay any Charges as and when they fall due, you accept that you have broken this Agreement and we have the right to terminate this Agreement. This right is in addition to any other legal rights we may have against you, which we may also rely upon.

-
- 7.2.** You must pay all the Charges, which are due, together with any Value Added Tax, and/or any other taxes (at applicable rates from time to time), which apply in relation to the Equipment or Services chargeable under this Agreement. Unless otherwise agreed in writing, we will bill you one billing period in advance for the Services together with any outstanding Charges for Services activated during the previous billing period. You must pay your bill in full by the Due Date without any deduction of any sort or any counterclaim. You will be liable for the Charges from the day on which we first make the Services available to you unless we notify you otherwise. You agree that you are liable for any Charges incurred on your account irrespective of whether those Charges were incurred by you or anybody else using the Equipment and the Services with or without your consent. Unless stated otherwise, all prices quoted by us and listed in our Website are exclusive of VAT and all Charges that appear on your bill are exclusive of VAT. We may vary our Charges from time to time and we may also alter your billing date or billing frequency/period.
- 7.3.** The Upfront Charges for the Services are those set out in our order form or our websites or those of any authorised third parties.
- 7.4.** Any additional Charges for using the Services must be paid by you by the Due Date.
- 7.5.** Subject to us reserving the right to carry out a suitable credit check on you at any point that we deem reasonable, we will normally require you to pay the Upfront Charges before your Installation. All Equipment remains our property until paid in full. Where the Upfront Charges for Equipment and installation have not been settled on demand, we reserve the right to charge a collection fee as detailed on our website from time to time and/or delay or postpone the agreed installation date and/or to demand the return of any Equipment that we had provided to you in good faith in order to facilitate the delivery of the Services and/or the right to remove all equipment supplied, with or without prior notice to you.
- 7.6.** All of our Monthly Service Charges are based upon payment by you by Direct Debit. It is your responsibility to provide us with a properly completed Direct Debit mandate in a timely manner to allow us to collect any and all on-going Charges. In the event that we are unable to receive payment for the Charges via Direct Debit for any reason, you provide your consent to us collecting payment by any method including the use of other direct payment methods or using Debit or Credit card information that you have already provided to us.
- 7.7.** Upgrade and Downgrade of the Service – unless you have selected a particular package or promotional offer which requires you to maintain a minimum level of package, you are entitled to change the level of Service assigned to your account by requesting such a change in writing subject to the following terms.
- a). Only one operation of upgrade or downgrade per calendar month is allowed per Account.
 - b). In case of multiple change requests occurring during the same month, only the last one will be recorded in the system. The last modification recorded during the month of request will become effective from the first day of the following month.
 - c). In case of downgrade from a higher to lower package a Downgrade Fee will be chargeable.
 - d). If you ask us to downgrade your Service from a package that requires a minimum level of Monthly Service to qualify, at our discretion, we may provide you with a specific one-off Charge to Downgrade your Service. We will usually require settlement of this Charge prior to Downgrading your service. We may also require that you commit to a new Minimum Period, normally being 12 months.
 - e). With the availability of any new Services or changes to existing Services, we will tell you the Charges (or changes to the Charges) for these Services prior to accepting any order from you to implement any change of Service levels.

-
- f). We will normally send you an invoice, invoice schedule or receipt, which could be by e-mail, facsimile or post, for your Services and any other valid Charges plus the Charges for any Services used at any earlier time if they have not previously been charged for (for example, Service upgrades during a previous billing period already invoiced).
 - g). Our required method of payment for on-going Monthly (or Periodic) Service Charges is by Credit Card and Direct Debit only.
 - h). If we have tried to collect a payment on or around the Due Date but it has not been received by us within a period of up to a further 5 working days, your account will be considered to be delinquent and the Services may be temporarily or permanently (for persistent payment failures) disconnected. If we agree to re-connect your Services, there will be a reconnection charge that you are required to pay before your Services are restored. Restoration of your Services may take up to three working days from the day that we receive full payment of any outstanding Charges.
 - i). Furthermore, if you default in the payment of any monies more than 5 working days from the Due Date, we reserve the right to charge interest from the Due Date until the payment is made in full (irrespective of whether the date of payment is before or after any judgment or award in respect of the same) at 3% per annum above the Barclays Bank plc. base rate from time to time.
 - j). We reserve the right at all times to vary the Charges for the Services, the Equipment and the installation. We will make reasonable efforts to give you written notice before any such change to the charges occurs. If the charges are increasing, we will give you notice. Where we have increased our like for like charges to you by more than 10% in any 12 month period, you may cancel this Agreement by giving us 30 days' notice in writing, however you are still liable for the balance on your account including, but not limited to Monthly (or Periodic) Service Charges and/or Equipment Rentals or any other Charges due under this Agreement up to the date of termination.
 - k). After the Minimum Period has expired, if you terminate this Agreement or any of the Services between the dates when we issue bills to you, you must pay all Charges which have accrued since the last bill was calculated and the proportion of any Service charges which have accrued up to the next billing date. This termination is subject to the provisions of Clause 10 below.
 - l). You agree that whilst Charges remain outstanding beyond the Due Date and/or your account is suspended, no changes are permitted to the level of Services that you receive and no additional Services ordered by you can be actioned by us until all overdue Charges are received by us.
 - m). Save as expressly set out in this Agreement, you shall not be entitled to suspend the payments under this Agreement, as a result of faults and/or defects of the service.
 - n). All of our prices will clearly state the currency that they are quoted are in and are inclusive of VAT or other relevant taxes at the prevailing rate, unless otherwise stated.
 - o). If you default on more than two payments of the Charges in any rolling 12 month period, we have the right to require you to pay for the Charges quarterly in advance without entitlement to any prevailing discounts.

8. NETWORK QUALITY POLICY (“NQP”)

- 8.1. The Network Quality Policy (sometimes also referred to as a Fair User Policy or similar reference) has been defined to enable a high quality internet access service via satellite with a consistent customer experience at an acceptable price. The implementation of the NQP determines the

management of your Satellite Broadband Services to prevent any unfair and unacceptable use of the network. You are subject to a NQP during the lifetime of this Agreement.

- 8.2. At all times, systems will be in place to measure the volume of inbound and outbound data generated by your 900SAT terminal(s). The generated volume measured over certain defined time periods. This data volume is compared with the data thresholds defined in the NQP and the customers chosen monthly data allowance. If the threshold has been reached, the speed of your Satellite Broadband Service will automatically be reduced or restricted (sometimes referred to as "Throttling"), either in upload, download or both directions. These restrictions will be automatically removed once you buy sufficient Data Top Ups to cover your extra usage over your chosen data allowance, or a new month's data allowance is credited to your airtime account.
- 8.3. The thresholds for the applications of speed restrictions to your Satellite Broadband Service will depend on the level of Service ordered by you. It is your responsibility to ensure that you are fully aware of the relevant thresholds within the NQP for your chosen service level. You should contact us if you need any clarification on your NQP.
- 8.4. NQP policies and restrictions are governed and controlled solely by the Satellite Operator and we cannot change any restrictions applied to your Services due to over usage against service level requested.
- 8.5. We reserve the right to amend the NQP from time to time, where we judge, in our sole reasonable opinion that such changes will be to the benefit of our customers as a whole.
- 8.6. Alternatively, you may upgrade your Service to a higher level, if available. If you do, your data consumption in the previous airtime month will still be included in the data calculations (pro-rata) for the first month of your new upgraded service (i.e. your data account doesn't reset to zero at the beginning of the first month of any upgraded tariff). There is no specific Charge to upgrade your Service Level, only the new level of Monthly (or Periodic) Service Charge.

9. SUSPENDING OR DISCONNECTING THE SERVICES

- 9.1. We may at any time:-
 - a). Temporarily suspend the Services for repair, maintenance or improvement of any of its systems wherever located, or temporarily provide replacement Services or Equipment of a similar functionality to those previously supplied; or
 - b). Give you instructions on how to use or vary the Services (which you agree to comply with) where we reasonably consider such instructions are provided to you in the interests of safety, or the maintenance of service quality.
- 9.2. Before doing either of these things we will endeavour to give you as much notice as is reasonably practicable in the circumstances and we will also aim to restore the Services as soon as reasonably practicable after any temporary suspension.
- 9.3. We may suspend our service without warning:
 - a). In an emergency;
 - b). When we are required to by any third party whose systems we use to provide the Services;
 - c). When we are required to by the police or security services or other party who may have legal authority to make such a request;
 - d). If you, your employees/authorised users, or anyone you or your employees/users allow to use the Services, does not keep to the conditions of this Agreement, or any other Agreement with us;

-
- e). If you, your employees/users, or anyone you or your employees/users allow to use the Services damages the Equipment supplied by us including the hardware or software which is necessary to operate the Services or put it at risk, or
 - f). You physically or verbally threaten or abuse any of our staff; or
 - g). If you do not pay all Charges due to us by the Due Date.

9.4. We reserve the right to Charge you a re-connection fee where you or your employees/users either acting themselves or through a third party, have caused or contributed to the suspension of the Services.

10. ENDING THE AGREEMENT

10.1. Either Party can cancel this Agreement immediately if any of the following happens:

- a). The other breaks an important condition of this Agreement or several less important conditions and (if it is capable of being put right) does not put it right within 21 days of written notice to do so;
- b). If the other is subject to bankruptcy, insolvency or any similar proceedings or, in the reasonable opinion of the party ending the Agreement, the other is unable to pay its debts;
- c). After the Minimum Period, in accordance with terms set out in this Agreement

10.2. In addition, we may end this Agreement if the Satellite Operator is unable or unwilling to make such Services available to us, providing we give you 30 days written notice.

10.3. At the end of the Agreement you must pay any valid Charges that are due to the end of the month following the month in which we received your written request for Termination.

10.4. At the end of this Agreement, you must return any of our Equipment that we have asked you to do so.

10.5. At the end of this Agreement, you will be disconnected and you will no longer be able to use the Services.

11. RIGHT TO CANCEL

You have the right to cancel this Agreement from the point that you place your Order with us up to seven days after the earlier of you receiving the Equipment, your install being completed or your Services being activated. As we may offer subsidies or special offers on the Equipment or our installation Charges, the collection or de-installation charges may be more than you paid for initial delivery or installation. It is your responsibility to confirm any Charges arising from your cancellation. These Charges will be deducted from any refunds due to you.

11.3. Where the Equipment or any relevant part of the Service has been activated prior to our receipt of any acceptable Cancellation Notice, you will be liable for any Charges associated with any Services provided to you up to the point of cancellation including any activation Charges. All valid Charges will be deducted from any refunds due to you.

11.4. After all of the Equipment that we have requested from you is received at our head office we will promptly test and inspect the Equipment. Any Equipment reasonably deemed by us to be damaged or in any other way faulty, such fault not arising through our liability or by way of

Equipment failure, we will raise a Charge equivalent to the reduction in value of the impaired Equipment whether by way of replacement or repair, whichever is the lower plus our reasonable administration costs.

- 11.5.** We will provide you with a final invoice detail any Charges arising and any net balance due to us or payable to you. We will either collect any sums due to us or refund any balance due to you within 14 days of completing our inspection of the Equipment.
